Dear Sir or Madam

I am writing to express my strong interest in the software application position at Digital Government Committee, as advertised on your company's careers page. As a fifth-year student pursuing a Bachelor's degree in Software Engineering, at Institute of Technology of Cambodia (Techno), I am excited about the opportunity to contribute my advanced technical skills and educational background to the success of Digital Government Committee.

My academic journey has equipped me with a deep understanding of software development principles, programming languages, and best practices. Throughout my coursework and hands-on projects, I have gained experience in designing and implementing efficient software solutions, which include ERP, POS, Building Management Systems, and other software applications. My academic achievements and dedication to the field have positioned me as a confident and capable software developer.

Digital Government Committee's strong reputation in the company industry, its commitment to innovation, and its customer-centric approach align perfectly with my career goals. I am eager to join a dynamic and forward-thinking organization like Digital Government Committee, where I can apply my technical skills, continue to learn, and contribute to the development of innovative software solutions.

Enclosed is my resume, which provides additional details about my academic achievements, relevant coursework, and hands-on experience. I would welcome the opportunity to discuss further how my education and skills can benefit Digital Government Committee.

Thank you for your time and consideration. I look forward to hearing from you.

Best regards,

CHEA Kimhorn
